## STATEMENT OF POLICY IN TREATMENT OF CUSTOMER PROPRIETARY NETWORK INFORMATION

1. It is VoIPConsultants.biz, LLC. (hereafter referred to as "VoIPConsultants") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain customer's consent prior to using CPNI.
2. VoIPConsultants follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or VoIPConsultants. However, VoIPConsultants cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information. Therefore:
  - a. If an unauthorized disclosure were to occur VoIPConsultants shall provide notification of the breach within seven (7) days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI").
  - b. VoIPConsultants shall wait an additional seven (7) days from its government notice prior to notifying the affected customers of the breach.

  - d. VoIPConsultants shall maintain records of discovered breaches for a period of at least two (2) years.
3. All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter.
  - a. Specifically, VoIPConsultants shall prohibit its personnel from releasing CPNI based upon a customer-initiated telephone call except under the following three (3) circumstances:
    - i. When the customer has a pre-established password.

- ii. When the information requested by the customer is to be sent to the customer's address of record, or
  - iii. When VoIPConsultants calls the customer's telephone number of record and discusses the information with the party initially identified by customer when service was initiated.
- b. VoIPConsultants may use CPNI for the following purposes:
  - i. To initiate, render, maintain, repair, bill and collect for services;

- 4. Prior to allowing access to Customers' individually identifiable CPNI to VoIPConsultants' joint venturers or independent contractors, VoIPConsultants will require, in order to safeguard that information, their entry into both confidentiality agreements that ensure compliance with the Statement and shall obtain opt-in consent from a customer prior to disclosing the information. In addition, VoIPConsultants requires all outside Dealers and Agents to acknowledge and certify that they may only use CPNI for the purpose for which that information has been provided.
- 5. VoIPConsultants requires express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
- 6. VoIPConsultants does not market, share or otherwise sell CPNI information to any third party.

the campaign, and what products and services were offered as part of the campaign.

- a. Prior to commencement of a sales or marketing campaign that utilizes CPNI, VoIPConsultants establishes the status of a customer's CPNI approval. The following sets forth the procedure followed by VoIPConsultants;
  - i. Prior to any solicitation for customer approval VoIPConsultants will notify customers of their right to restrict the use of, disclosure of, and access to their CPNI.
  - ii. VoIPConsultants will use opt-in approval for any instance in which VoIPConsultants must obtain customer approval prior to using, disclosing, or permitting access to CPNI.
